RESPONSE TO RESTRICTION REQUIREMENT

Applicant responds to the restriction requirement dated December 19, 2006 and submit that the following elections are made without traverse.

Referring to page 1 of the restriction requirement, Applicant hereby elects the following four species: (1) radiotherapy, recited in claim 1; (2) proliferating malignant disease, recited in claim 1; (3) sodium phenylbutyrate as a histone hyperacetylating agent, recited in claim 11; and (4) mouth wash as a pharmaceutical carrier, recited in claim 15.

Referring to the underlined text at page 3 of the restriction requirement, Applicant elect the following subspecies: (1) ionizing radiation, recited in claim 4; and (2) head and neck cancer, recited in claim 5.

Applicant believes that the two underlined texts at page 4, lines 1-7 and 10-15 of the restriction requirement both refer to a request for electing a subspecies of a second agent in the composition recited in claim 1. In that case, Applicant elects anti-cancer agent, recited in claim 17.

Claims 1-21 are pending in this application. Among them claims 5, 11, and 14-17 read on the above elected species and subspecies.
